EC56521.1 (a): "Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs or others and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to control the behavior." EC 56521.1 (e). To prevent emergency interventions from being used in lieu of planned, systemative behavioral interventions, the parent, guardian, and residential care provider, shall be notified within one school day if an emergency intervention is used or serious property damage occurs. This form is to be completed when a medium or high level hold is used. All school districts in the Ventura County SELPA and Non-Public Schools serving Ventura County SELPA students may only use techniques of emergency intervention taught by a certified instructor of the Nonviolent Crisis Intervention® program.
